We **empower** female professionals  
by creating new access points for  
individual business development.

We **support** one another  
by providing continual  
professional growth,  
by sharing a wide variety of  
ideas and resources and  
by assisting select women-based  
charities in our community.

## building **relationships**

Women In Networking was created in 1997 to provide a vibrant environment for women to come together and share ideas in order to grow their businesses.

**win**cleveland members benefit by working together to provide and attain referrals.

We learn from one another,  
we do business with one another,  
and we help others in our community.
